India (1987-1988) Annual Survey of Industries Summary 1986-87 (ASI SUMMARY 1986-87)

Overview	
Type	Industrial Statistics (Organised Manufacturing & Labour Sector) Survey
Identification	IND-CSO-ASI-SUMMARY-86-87
Version	Production Date: 2012-07-22 Version 1.00: Reorganised Anonymized dataset for publication
Series	The Collection of Statistics (Central) Rules, 1959 framed under the 1953 Act provided for, among others, a comprehensive Annual Survey of Industries (ASI) in India. This survey replaced both the CMI (Census of Manufacturing Industries) and SSMI (Sample Survey of Manufacturing Industries). The ASI was launched in 1960 with 1959 as the reference year and is continuing since then except for 1972. For ASI, the Collection of Statistics Act 1953 and the rules framed there-under in 1959 provides the statutory basis. The ASI refers to the factories defined in accordance with the Factories Act 1948, and thus has coverage wider than that of the CMI and SSMI put together.
<p>Abstract Introduction</p> <p>The Annual Survey of Industries (ASI) is the principal source of industrial statistics in India. It provides statistical information to assess changes in the growth, composition and structure of organised manufacturing sector comprising activities related to manufacturing processes, repair services, gas and water supply and cold storage. Industrial sector occupies an important position in the State economy and has a pivotal role to play in the rapid and balanced economic development. The Survey is conducted annually under the statutory provisions of the Collection of Statistics Act 1953, and the Rules framed there-under in 1959, except in the State of Jammu & Kashmir where it is conducted under the State Collection of Statistics Act, 1961 and the rules framed there-under in 1964.</p>	
Kind of Data	Census and Sample survey data [cen/ssd]
Unit of Analysis	The primary unit of enumeration in the survey is a factory in the case of manufacturing industries, a workshop in the case of repair services, an undertaking or a licensee in the case of electricity, gas & water supply undertakings and an establishment in the case of bidi & cigar industries. The owner of two or more establishments located in the same State and pertaining to the same industry group and belonging to same scheme (census or sample) is, however, permitted to furnish a single consolidated return. Such consolidated returns are common feature in the case of bidi and cigar establishments, electricity and certain public sector undertakings.

Scope & Coverage

Scope

The survey covers all the factories registered under Sections 2(m)(i) and 2(m)(ii) of the Factories Act, 1948, i.e. 10 or more workers with the aid of power or 20 or more workers without the aid of power. The survey also covers bidi and cigar manufacturing establishments registered under the Bidi and Cigar Workers (Conditions of Employment) Act 1966. All electricity undertakings engaged in generation, transmission and distribution of electricity, but not registered with the Central Electricity Authority (CEA) are also covered under ASI.

Keywords

FIXED CAPITAL, BONUS, WORKING CAPITAL, EMPLOYEES, WAGES AND SALARIES, TOTAL EMOLUMENTS, FUELS CONSUMED, DEPRECIATION, GROSS OUTPUT, NET VALUE ADDED, FINISHED GOODS, PHYSICAL WORKING CAPITAL, TOTAL INPUT, TOTAL OUTPUT, Ownership Code, RENT, Gross Value of Plant & Machinery, Total

	Inventory, Working Capital, Outstanding Loans, Material Consumed, Stock Of Materials fuels Stores etc., Stock Of Semi-Finished Goods, Contribution to Provident & Other Funds, Invested Capital, Net Income, Profits, Own Construction, Gross Sale value, Quantity of Electricity Purchased, Consumed and sold
Topics	Macroeconomics & Growth, Private Sector and Trade, Public Sector
Geographic Coverage	
<p>Coverage of the Annual Survey of Industries extends to the entire Factory Sector, comprising industrial units (called factories) registered under section 2(m)(i) and 2(m)(ii) of the Factories Act.1948, wherein a "Factory", which is the primary statistical unit of enumeration for the ASI is defined as:-</p> <p>"Any premises" including the precincts thereof:-</p> <p>(i) wherein ten or more workers are working or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on with the aid of power or is ordinarily so carried on, or</p> <p>(ii) wherein twenty or more workers are working or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on without the aid of power. In addition to section 2(m)(i) & 2(m)(ii) of the Factories Act, 1948, electricity units registered with the Central Electricity Authority and Bidi & Cigar units, registered under the Bidi & Cigar Workers (Conditions of Employment) Act,1966 are also covered in ASI.</p>	
Universe	
<p>The survey cover factories registered under the Factory Act 1948.</p> <p>Establishments under the control of the Defence Ministry,oil storage and distribution units, restaurants and cafes and technical training institutions not producing anything for sale or exchange were kept outside the coverage of the ASI.</p>	

Producers & Sponsors	
Primary Investigator(s)	Central Statistics Office (Industrial Statistics Wing), MOSPI, Government of India
Other Producer(s)	CSO(IS Wing), Kolkata (CSO) , MOSPI , Analysis, Design and data processing Field Operation Division, NSSO (FOD, NSSO) , MOSPI , Data Collection Computer Centre (CC) , MOSPI , Data dissemination
Funding Agency/ies	MOSPI, Government of India (GOI)
Other Acknowledgment(s)	Standing Committee on Industrial Statistics , Formulation and Finalisation of the survey study , GOI Computer Centre , Dissemination and web hosting , MOSPI

Sampling
<p>Sampling Procedure</p> <p>Sampling Procedure</p> <p>All the factories in the updated frame (universe) are divided into two sectors, viz., Census and Sample.</p> <p>Census Sector: Census Sector is defined as follows:</p> <p>a) All industrial units belonging to the 12 less industrially developed states/ UT's viz. Goa, Himachal Pradesh, J & K, Manipur, Meghalaya, Nagaland, Tripura, Andaman & Nicobar Islands, Chandigarh, Dadra & Nagar Haveli, Daman & diu and Pondicherry were completely enumerated every year along with census units.</p> <p>b) For the rest of the states/ UT's., (i) units having 50 or more workers and using power or 100 or more workers without using power and all electricity undertakings. (ii) all the industry groups for which the total number of units did not exceed 50 at all-India level</p>

c) Remaining units, excluding those of Census Sector, called the sample sector, was covered in two consecutive years (50% samples in alternate years). The sampling strategy was stratified uni-stage with State X NIC 3 digit as stratum. The strata were formed by grouping factories within each State/UT by the industry group at the ultimate digit level of NIC. Thus in each state, each industry group constitutes a stratum. Within each stratum the districts were first arranged in ascending order of district codes and within each district the factories were then listed in descending order of their employment size. The factories within each stratum having been arranged in the above manner were allotted a running serial number. Factories with odd serial numbers were surveyed in the first year and those with even numbers in the second year of a cycle of two years.

Deviations from Sample Design

There was no deviation from sample design in ASI 1989-90

Weighting

Please note that an inflation factor (Multiplier) WGT is available for each unit against records belonging for ASI Summary 1989-90 data. The multiplier is calculated for each stratum (i.e. State X NIC-04 (4 Digit) after adjusting for non-response cases.

Data Collection

Data Collection Dates

start 1987-07-01
end 1988-06-30

Data Collection Mode

Statutory return submitted by factories as well as Face to face

Data Collection Notes

ASI Schedule has two parts: Part-I and Part-II. Part-I of ASI schedule aims to collect data on assets and liabilities, employment and labour cost, receipts, expenses, input items - indigenous and imported, products and by-products, distributive expenses etc. Part-II of ASI schedule aims to collect data on different aspects of labour statistics, namely, working days, mandays worked, absenteeism, labour turnover, man-hours worked, earning and social security benefits.

General Remarks regarding filling up of ASI schedules

The ASI work involves a number of stages. There are some general procedural aspects.

A separate return for each registered factory/electricity supply undertaking should be submitted as a rule. In following this, the aspects to be taken note of are:

Unless ownership has changed during the reference year, only one return is to be compiled for one factory.

If a part of a registered factory has been operated by the owner and another part by the occupier the total manufacturing activities of both the owner and the occupier should be duly recorded in one return.

If the factory as a whole has been rented out, the return for the factory may be filled from the occupier's point of view.

If for a factory, which is served with notice, is found that its products are meant for training of inmates and has no sale value and are produced as a product during training, the facts may be reported to the Statistics Authority and data need not be collected. This is normally applicable to Training Centers and Jails which are registered as factories. Further, workshop in jails registered under factories Act should be canvassed for ASI only when the products of the workshop are meant for sale. In case the products are not sold but are incidental to training to the convicts engaged at the workshop, such a workshop is outside the purviews of ASI.

Submission of Joint Returns

Although, as per rules for such registered unit of inquiry a separate return should be furnished, in special circumstances, where the accounts of two or more registered units cannot be bifurcated factory wise a joint return may be accepted in a particular ASI if all the following conditions are fulfilled:

They are located in the same State.

They belong to the Census Scheme i.e. 100 or more workers only.

They belong to the same industry at the ultimate NIC code level.

There will be no joint return in sample sector. Also there will be no joint return with Census and Sample. In such cases appropriate apportionments should be done to avoid any complications in estimation different parameters. In census sector also appropriate apportionments should be made if some changes occur in joint returns.

Questionnaires

Annual Survey of Industries 1988-89 Questionnaire is divided into different blocks : (However only Summarised data is available for processing and analysis). The Summary Results are based on the information provided in the Summary block of ASI survey schedule. Therefore, there is only one data file in ASI Summary 1988-89. Record Layout of the merged file is provided.

Data Collector(s)	NSSO(Field Operation Division) (NSSO(FOD)) , Ministry of Statistics and Programme Implementation
--------------------------	--

Supervision

NSSO under the Ministry of Statistics and PI, Government of India is responsible for supervision of data collection.

Data Processing & Appraisal

Data Editing

Pre-data entry scrutiny was carried out on the schedules for inter and intra block consistency checks. Such editing was mostly manual, although some editing was automatic. But, for major inconsistencies, the schedules were referred back to NSSO (FOD) for clarifications/modifications.

Code list, State code list, NIC 70, NIC 87, Concordance Table and ASICC code may be referred in the External Resources which are used for editing and data processing as well..

Other Processing

After pre-data entry scrutiny, all the scrutinised schedules were entered by manual typing through data entry software which was prepared in house. CSO has full fledged Data Processing Centre with technical staff to take up all the processing activities. After data entry, verification of the schedules was also done programmatically. After all kinds of coverage checks and verification, logical validation was done and then the SUMMARISED Data was created for the purpose of tabulation.

The results of ASI are produced in the form of two volumes. Apart from the main reports on the Summary Results, a second report entitled Supplement to ASI : Summary Results for Factory Sector by State X Industry furnished data at state to 3 - Digit levels. It contains state-wise information at 3-Digit level unlike the Summary Results, which gives only at 2-Digit level.

Estimates of Sampling Error

Relative Standard Error (RSE) is calculated in terms of worker, wages to worker and GVA using the formula. Programs developed in Visual Foxpro are used to compute the RSE of estimates.

Other Forms of Data Appraisal

To check for consistency and reliability of data the same are compared with the NIC-2digit level growth rate at all India Index of Production (IIP) and the growth rates obtained from the National Accounts Statistics at current and constant prices for the registered manufacturing sector.

Confidentiality

The ASI data at factory level are strictly confidential and are to be used only for statistical purposes after aggregation.

The collection of Statistics Act assures confidentiality of the data to the factories.

To ensure confidentiality, data of factories with less than three units in an industry are merged. Location of the unit is also not divulged in the micro data.

Access Conditions

Data is chargeable. Document accessing for data may be seen at "Data Access" tab on home page of Micro Data Archive.

Reports are also available on payment. Therefore no report is available in external resources.

Citation Requirements

Variables Description

Dataset contains 99 variable(s)

File ASI_Summary_86_87

#1 Part_CD: Part Code

Information [Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]

Statistics [NW/ W] [Valid=58182 /-] [Invalid=0 /-] [Mean=1 /-]

Literal question Part Code

Value	Label	Cases	Percentage
1	Delhi	58182	100.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#2 MSchm_CD: Modified Scheme Code

Information [Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]

Statistics [NW/ W] [Valid=58182 /-] [Invalid=0 /-]

Literal question Modified Scheme Code

Notes No modified code is available which has almost all the value as 3.

Value	Label	Cases	Percentage
1	1	1	0.0%
2	2	1	0.0%
3	3	58180	100.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#3 State: State Code

Information [Type= discrete] [Format=numeric] [Range= 2-55] [Missing=*]

Statistics [NW/ W] [Valid=58182 /-] [Invalid=0 /-]

Literal question State Code

Value	Label	Cases	Percentage
11	RAJASTHAN	1668	2.9%
12	PUNJAB	3246	5.6%
13	JAMMU & KASHMIR	377	0.6%
14	HARYANA	1944	3.3%
15	HIMACHAL PRADESH	206	0.4%
16	DELHI	1679	2.9%
17	CHANDIGARH	261	0.4%
21	UTTAR PRADESH	5594	9.6%
22	MADHYA PRADESH	1811	3.1%
27	DADRA AND NAGAR HAVELI	0	0.0%
31	BIHAR	2329	4.0%
32	ORISSA	829	1.4%
33	WEST BENGAL	3277	5.6%
34	ASSAM	1157	2.0%
35	MANIPUR	49	0.1%
36	TRIPURA	232	0.4%
37	NAGALAND	0	0.0%
38	MEGHALAYA	26	0.0%

File ASI_Summary_86_87

#3 State: State Code

Value	Label	Cases	Percentage
39	ARUNCHAL PRADESH	0	0.0%
41	ANDHRA PRADESH	5018	8.6%
42	TAMIL NADU	7463	12.8%
43	KERALA	1701	2.9%
44	PONDICHERRY	165	0.3%
45	ANDAMAN AND NICOBAR ISLANDS	46	0.1%
51	GUJARAT	6390	11.0%
52	MAHARASHTRA	8992	15.5%
53	KARNATAKA	3482	6.0%
54	DAMAN & DIU	240	0.4%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#4 S_No: Running Serial No

Information	[Type= continuous] [Format=numeric] [Range= 0-90004] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=8024.04 /-] [StdDev=10811.226 /-]
Literal question	Running Serial No

#5 IND_CD: NIC-70(1) Original NIC70

Information	[Type= continuous] [Format=numeric] [Range= 2001-9790] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=3143.801 /-] [StdDev=1382.532 /-]
Definition	National Industrial Classificati NIC 70
Literal question	National Industrial Classification NIC 87 code
Notes	Althogh NIC 87 code list is provided but there is no field in the data set for NIC 87.

#6 WGT: Multiplier

Information	[Type= continuous] [Format=numeric] [Range= 1-2] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1.568 /-] [StdDev=0.495 /-]
Literal question	Multiplier

#7 Itm12: Year of Survey

Information	[Type= discrete] [Format=numeric] [Range= 8687-9495] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-]
Literal question	Year of Survey

Value	Label	Cases	Percentage
8687	1986-87	58182	100.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#8 Itm14: Dummy State Code

Information	[Type= continuous] [Format=numeric] [Range= 1-28] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=11.803 /-] [StdDev=7.099 /-]
Literal question	Dummy State Code
Notes	No explanation for this data item available. Therefore original State code be used for processing.

#9 Itm15: Region Code

Information	[Type= continuous] [Format=numeric] [Range= 0-2621] [Missing=*]
-------------	---

File ASI_Summary_86_87

#9 Itm15: Region Code

Statistics [NW/ W] [Valid=58182 /-] [Invalid=0 /-] [Mean=3.93 /-] [StdDev=3.025 /-]

Literal question Region Code

#10 Itm16: Ownership Code

Information [Type= discrete] [Format=numeric] [Range= 1-9] [Missing=*]

Statistics [NW/ W] [Valid=58182 /-] [Invalid=0 /-] [Mean=3.006 /-]

Literal question Type of ownership (code)

Value	Label	Cases	Percentage
1	Wholly Central Government	793	1.4%
2	Wholly State and/or Local Government	2340	4.0%
3	Central Government and State and/or Local Government jointly	53235	91.5%
4	Joint Sector Public	254	0.4%
5	Joint Sector Private	711	1.2%
6	Wholly private Ownership	784	1.3%
7	Invalid	65	0.1%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#11 Itm17: Organisation Code

Information [Type= discrete] [Format=numeric] [Range= 1-9] [Missing=*]

Statistics [NW/ W] [Valid=58182 /-] [Invalid=0 /-] [Mean=3.198 /-]

Literal question Type of Organisation (code)

Value	Label	Cases	Percentage
1	Individual Proprietorship	9196	15.8%
2	Partnership : Joint family	11311	19.4%
3	Partnership : Others	18813	32.3%
4	Public Limited Company	5243	9.0%
5	Private Limited Company	9184	15.8%
6	Public Corporations	1601	2.8%
7	Co-Operative Society	1414	2.4%
8	Others	1354	2.3%
9	Invalid	66	0.1%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#12 Itm18: Management Code

Information [Type= discrete] [Format=numeric] [Range= 0-9] [Missing=*]

Statistics [NW/ W] [Valid=58182 /-] [Invalid=0 /-] [Mean=2.007 /-]

Literal question T^ype of Management Code

Notes Value 0 is recoded as NR as this may be 0 or spaces in the data. However, for processing both 0 and 9 may be treated as NR.

Value	Label	Cases	Percentage
0	NR	86	0.1%
1	Private enterprise whose management has been taken over by the Government.	523	0.9%
2	Others	57416	98.7%

File ASI_Summary_86_87

#12 Itm18: Management Code

Value	Label	Cases	Percentage
9	Invalid	157	0.3%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#13 Itm19: Scheme Code

Information	[Type= discrete] [Format=numeric] [Range= 1-9] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-]
Literal question	Type of Scheme code
Notes	The scheme code provided in the Code list is 1 - Census 2-Sample. However, as in

Value	Label	Cases	Percentage
1	Census	25142	43.2%
2	Sample	33040	56.8%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#14 Itm20: District Code

Information	[Type= continuous] [Format=numeric] [Range= 1-63] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=10.391 /-] [StdDev=9.741 /-]
Literal question	District Code

#15 Itm21: Block Code

Information	[Type= continuous] [Format=numeric] [Range= 0-99] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=2.962 /-] [StdDev=6.368 /-]
Literal question	Block Code
Notes	Block code value is 0 not provided

#16 Itm22: Serial No. as given in Schedules

Information	[Type= continuous] [Format=numeric] [Range= 100-90457] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=11344.843 /-] [StdDev=1263.625 /-]
Literal question	Serial No. as given in Schedules

#17 Itm23: Permanent Serial No

Information	[Type= continuous] [Format=numeric] [Range= 0-99212] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=12266.586 /-] [StdDev=4128.091 /-]
Literal question	Permanent Serial No
Interviewer's instructions	This number is provided by FOD offices while collecting the list from CIF and duly numbered list send to CSO (IS Wing), Kolkata for updation of frame. This number is unique in State X NIC X Sector. Number has been provided for all the selected factories both under Census Sector and the Sample Sector and the same is to be reported by the field staff of FOD both in Parts I & II. These items will be copied from the sample list.

#18 Itm24: Location Code

Information	[Type= discrete] [Format=numeric] [Range= 0-9] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1.849 /-]
Literal question	Location Code
Notes	Location code not known - coded as its value

File ASI_Summary_86_87

#18 Itm24: Location Code

Value	Label	Cases	Percentage
0	NR	131	0.2%
1	1	16432	28.2%
2	2	33850	58.2%
3	3	7743	13.3%
9	Invalid	26	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#19 Itm25: Area Code

Information	[Type= discrete] [Format=numeric] [Range= 0-9] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1.691 /-]
Literal question	Location Code
Notes	Area code not known-coded as its value. May be Rural and Urban

Value	Label	Cases	Percentage
0	NR	111	0.2%
1	1	18008	31.0%
2	2	39959	68.7%
3	3	79	0.1%
9	Invalid	25	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#20 Itm26: Year of Initial Production

Information	[Type= continuous] [Format=numeric] [Range= 0-9923] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1963.609 /-] [StdDev=160.34 /-]
Literal question	Year of Initial Production

#21 Itm27: Year of Initial Production Code

Information	[Type= discrete] [Format=numeric] [Range= 1-9] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-]
Literal question	Year of Initial Production Code

Value	Label	Cases	Percentage
1	Upto 1950	5587	9.6%
2	1951-1955	1761	3.0%
3	1956-1960	3320	5.7%
4	1961-1965	4969	8.5%
5	1966-1970	5889	10.1%
6	1971-1975	8914	15.3%
7	1976-1980	11727	20.2%
8	1981 On wards	15789	27.1%
9	NR	226	0.4%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#22 Itm28: Open-Close Code

Information	[Type= discrete] [Format=numeric] [Range= 0-9] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=0.0797 /-]

File ASI_Summary_86_87

#22 Itm28: Open-Close Code

Literal question	Whether Opened/Closed		
Notes	Coded as 0 for 0 and 1 for 1 and others as 9 -' Invalid'		
Value	Label	Cases	Percentage
0	Open	53575	92.1%
1	Closed	4603	7.9%
9	Invalid	4	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#23 Itm29: Power Code

Information	[Type= discrete] [Format=numeric] [Range= 0-9] [Missing=*]		
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1.66 /-]		
Literal question	Type of power used (code)		
Value	Label	Cases	Percentage
0	NR	152	0.3%
1	Electricity	48171	82.8%
2	Steam	524	0.9%
3	Diesel	1445	2.5%
4	Others	834	1.4%
5	No motive power	2640	4.5%
6	Closed factory	4414	7.6%
9	Invalid	2	0.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#24 Itm33a: Ancillary Code

Information	[Type= discrete] [Format=numeric] [Range= 0-9] [Missing=*]		
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-]		
Literal question	Ancillary Code		
Value	Label	Cases	Percentage
0	NR	79	0.1%
1	Yes	984	1.7%
2	No	57074	98.1%
9	Invalid	45	0.1%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#25 Itm34: Registered

Information	[Type= discrete] [Format=numeric] [Range= 1-9] [Missing=*]		
Statistics [NW/ W]	[Valid=58076 /-] [Invalid=106 /-] [Mean=2.515 /-]		
Literal question	Registered		
Notes	Sysmiss Values be may be treated as "NR"		
Value	Label	Cases	Percentage
1	Units registered with DGTD	3090	5.3%
2	Units registered with State/UT Director of Industries	37679	64.9%
3	Registered with other agencies like Textile Commissioner, Jute Commissioner etc	1654	2.8%

File ASI_Summary_86_87**#25 Itm34: Registered**

Value	Label	Cases	Percentage
4	Not registered with agency for receiving assistance	15643	26.9%
9	Invalid	10	0.0%
Sysmiss		106	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#26 Itm34a: Employment code in schedule

Information	[Type= discrete] [Format=numeric] [Range= 1-12] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-]
Literal question	Employment code in schedule
Notes	No information is available. Created for internal use for tabulation.

Value	Label	Cases	Percentage
1		2695	4.6%
2		7715	13.3%
3		12856	22.1%
4		13786	23.7%
5		7735	13.3%
6		4725	8.1%
7		2861	4.9%
8		1112	1.9%
9		489	0.8%
10		241	0.4%
11		46	0.1%
12		3921	6.7%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#27 Itm35: No. of Factories

Information	[Type= continuous] [Format=numeric] [Range= 1-843] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1.105 /-] [StdDev=4.694 /-]
Literal question	No. of Factories

#28 Itm36: Opening Value of Land

Information	[Type= continuous] [Format=numeric] [Range= -95763-53219403343] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1530336.027 /-] [StdDev=208402806.745 /-]
Literal question	Opening Value of Land

#29 Itm37: Closing Value of Land

Information	[Type= continuous] [Format=numeric] [Range= -39000-1111077209] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1572397.272 /-] [StdDev=236993856.294 /-]
Literal question	Closing Value of Land

#30 Itm38: Fixed Capital (Opening)

Information	[Type= continuous] [Format=numeric] [Range= 0-105917496862] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=10163463.397 /-] [StdDev=317328708.149 /-]
Definition	FIXED CAPITAL represents the depreciated value of fixed assets owned by the factory as on the closing day of the accounting year. Fixed assets are those that have a normal productive life of more than one year. Fixed capital includes land including lease- hold land, buildings, plant and machinery, furniture and fixtures, transport

File ASI_Summary_86_87

#30 Itm38: Fixed Capital (Opening)

	equipment, water system and roadways and other fixed assets such as hospitals, schools etc. used for the benefit of factory personnel.
Literal question	Fixed Capital (Opening)

#31 Itm39: Fixed Capital (Closing)

Information	[Type= continuous] [Format=numeric] [Range= 0-112195782060] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=11260010.374 /-] [StdDev=353309970.067 /-]
Definition	FIXED CAPITAL represents the depreciated value of fixed assets owned by the factory as on the closing day of the accounting year. Fixed assets are those that have a normal productive life of more than one year. Fixed capital includes land including lease- hold land, buildings, plant and machinery, furniture and fixtures, transport equipment, water system and roadways and other fixed assets such as hospitals, schools etc. used for the benefit of factory personnel.
Literal question	Fixed Capital (Closing)

#32 Itm40: Month of A/C year

Information	[Type= continuous] [Format=numeric] [Range= 0-0] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=516790.039 /-] [StdDev=100300669.889 /-]
Literal question	Months of A/C Year

#33 Itm41: Total Rent

Information	[Type= continuous] [Format=numeric] [Range= -12819981-906131872] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=55251.98 /-] [StdDev=904724.276 /-]

#39 Itm47: Outstanding Loans (Opening)

Information	[Type= continuous] [Format=numeric] [Range= -9449121-108574980866] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=9602887.154 /-] [StdDev=302662926.627 /-]
Definition	OUTSTANDING LOANS represent all loans whether short term or long term, whether interest bearing or not, outstanding according to the books of the factory as on the closing day of the accounting year.
Literal question	Outstanding Loans (Opening)
Interviewer's instructions	Opening Outstanding loans to be filled.

#40 Itm48: Outstanding Loans (Closing)

Information	[Type= continuous] [Format=numeric] [Range= -52664239-116778956583] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=11603954.941 /-] [StdDev=421053375.296 /-]
Definition	OUTSTANDING LOANS represent all loans whether short term or long term, whether interest bearing or not, outstanding according to the books of the factory as on the closing day of the accounting year.
Literal question	Outstanding Loans (Closing)
Interviewer's instructions	Closing Outstanding loans to be filled.

#41 Itm49: Mandays Employees

Information	[Type= continuous] [Format=numeric] [Range= 0-55633813] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=36764.33 /-] [StdDev=384502.028 /-]
Definition	EMPLOYEES include all workers defined above and persons receiving wages and holding supervisory or managerial positions engaged in administrative office, store keeping section and welfare section, sales department as also those engaged in purchase of raw materials etc. or purchase of fixed assets for the factory and watch and ward staff. MANDAYS represent the total number of days worked and the number of days paid for during the accounting year .It is obtained by summing-up the number of persons of specified categories attending in each shift over all the shifts worked on all days.
Literal question	Mandays Employees

#42 Itm50: Workers (Nos.)

Information	[Type= continuous] [Format=numeric] [Range= 0-133974] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=90.538 /-] [StdDev=774.547 /-]
Definition	WORKERS are defined to include all persons employed directly or through any agency whether for wages or not and engaged in any manufacturing process or in cleaning any part of the machinery or premises used for manufacturing process or in any other kind of work incidental to or connected with the manufacturing process or

File ASI_Summary_86_87	
#42 Itm50: Workers (Nos.)	
	the subject of the manufacturing process. Labour engaged in the repair and maintenance or production of fixed assets for factory's own use or labour employed for generating electricity or producing coal, gas etc. are included.
Literal question	Workers (Nos.)
#43 Itm51: Total Persons Engaged	
Information	[Type= continuous] [Format=numeric] [Range= 0-152421] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=117.439 /-] [StdDev=1039.05 /-]
Definition	TOTAL PERSONS ENGAGED include the employees as defined above and all working proprietors and their family members who are actively engaged in the work of the factory even without any pay and the unpaid members of the co-operative societies who worked in or for the factory in any direct and productive capacity. The number of workers or employees is an average number obtained by dividing mandays worked by the number of days the factory had worked during the reference year.
Literal question	Total Persons Engaged
#44 Itm52: Wages to Workers	
Information	[Type= continuous] [Format=numeric] [Range= 0-4658037891] [Missing=*]
Statistics [NW/ W]	[Valid=58182 /-] [Invalid=0 /-] [Mean=1183728.229 /-] [StdDev=13669484.948 /-]
Definition	WAGES AND SALARIES are defined to include all remuneration in monetary terms and also payable more or less regularly in each pay period to workers as compensation for work done during the accounting year. It includes (a) direct wages and salary (i.e., basic wages/salaries, payment of overtime, dearness, compensatory, house rent and other allowances) (b) remuneration for the period not worked (i.e., basic wages, salaries and allowances payable for leave period, paid holiday, lay- off payments and compensation for unemployment, if not paid from sources other than employers) (c) bonus and ex-gratia payment paid both at regular and less frequent intervals (i.e., incentive bonuses, productive bonuses, profit sharing bonuses, festival or year-end bonuses etc.) It excludes lay off payments which are made from trust or other special funds set up exclusively for this purpose i.e., payments not made by the employer. It also excludes imputed value of benefits in kind, employer's contribution to old age benefits and other social security charges, direct expenditure on maternity benefits creches and other group benefits Travelling and other expenditure incurred for business purposes and reimbursed by the employer are excluded. The wages are expressed in terms of gross value i.e., before deduction for fines, damages, taxes, provident fund, employee's state insurance contribution etc.
Literal question	Wages to Workers
#45 Itm53: Salaries to Employees	
Information	[Type= continuous] [Format=numeric] [Range= 0-6382433400] [Missing=*]
