

Data Deposit Form (Data Description)

The Data Deposit Form is designed to capture all essential information on the datasets being submitted by you for our “Data Catalogue”. This includes bibliographic information about the study, the study methodology, a description of the data, and information on documentation and publications related to the study, etc.

Please note that in order to deposit data with ICSSR Data Service; the “Data Depositor” is required to complete this “Data Deposit Form” along with “License Agreement Form” available at: "<http://www.icssrdataservice.in/hddata.php>". This form will help the ICSSR Data Service team to properly document the data and assist others who may wish to use it. This form is mainly divided in two parts, i.e. Document Description and Study Description.
